## TriTable-III Triangular table.

**Frame** made from welded round tubular steel legs with rectangular tubular steel top frame, all powder-coated. Table with glide elements for hard or soft floorings or with 2C universal glide elements.

**Table sizes** in 8 fixed heights in accordance with DIN EN 1729 or with grid height adjustment.

**Table top** (right-angle triangle with two equal sides) made from melamine-resin coated LIGNOpal laminate with glued (KU) plastic border or highly compacted tops (HPL). Both with rounded corners (radius 25 mm).

**Function:** Many combinations possible to form rows or group workspaces. The tables are 8-fold stackable and are equipped with stack protection at the lower edge of the top frame. Optionally available with removable plastic tray on the long table side.

**Equipment:** Optionally available with castor at the 90° corner or with 3 castors.

**The following material groups are available to choose from:** Frame made of steel tube: M1; Top made of LIGNOpal-plastic: L4; HPL-top: L4; Gratnell plastic box: C3.
